

Performance-Based Assessment with Rubric Construction

Construct an analytic scoring rubric by following the instructions below:

Step 1: Choose a learning **competency from the curriculum guide (refer to DepEd website for the curriculum guide relevant to your area of specialization)**. Identify the following

- Subject and Grade Level:
- Quarter:
- Topic:
- Learning Competency:

Step 2: Describe the **task** to be performed by the students, either individually or as a group.

- Name of the Performance Tasks:
- Description of Performance Task:
(procedures, resources needed, time allotment, etc.)

Step 3: Develop an **analytic scoring rubric**. Your rubric must contain the following:

- Desired Learning Outcomes:
- Instructions (for the user of the rubric):
- Criteria/Dimensions:
- Performance Levels:
- Performance Descriptors:
- Weight:
- Weighted Grade:
- Scoring Interpretation (specific instructions on how to interpret the performance using the rubric)

Rubric Template

Part I.

Subject/Grade Level: Araling Panlipunan 7	Quarter: 1	
Topic: Ugnayan ng Pilipinas sa mga Sinaunang Kabihasan sa Timog Silangang Asya	Learning Competency: Napahahalagahan ang ugnayan ng heograpiya at sinaunang kasaysayan ng mga bansa sa Timog Silangang Asya	
Performance Task: Role Playing		
Performance Task Description (<i>procedures, resources needed, time allotment, etc.</i>): Learners will be divided into 3 equal groups. Each group will be given 25 minutes to prepare and 5 minutes to execute their plan and perform. Each group will need to create simple props, a copy of the rubric, and historical reference materials.		
You can also describe the authentic performance task aligned with the selected competency using the GRASPS format.		
Component	Description	Response
Goal (G)	What is the learning goal or competency being assessed?	Learners gain appreciation with how the geography of the region shaped its culture, agriculture, and history.
Role (R)	What role will the learner assume?	The learners will assume the roles of Datus, cultural envoys, and foreign traders in an ancient Filipino barangay setting.
Audience (A)	Who is the intended audience for the product or performance?	The learners will logically interact with the Roles they were assigned to.
Situation (S)	What real-world or simulated context frames the task?	The learners must negotiate trade agreements based on the geographical resources of the roles they are assigned to.
Product or Performance (P)	What will students create or perform?	The learners must perform a 10-minute simulated barter exchange where they successfully trade goods and culture exemplifying
Standards for Evaluation (S)	What criteria will be used to evaluate performance?	The performance will be evaluated in terms of its historical accuracy, clear integration of the concepts, role-play execution, and teamwork.

Desired Learning Outcomes:

At the end of this task, students are expected to:

1. analyze the impact of maritime trade routes on the cultural and economical exchange of ancient Southeast Asian countries;
2. appreciate the shared maritime heritage of Southeast Asian cultures by accurately depicting and interacting as one of Southeast Asian traders; and
3. execute a historically grounded role-play demonstrating interconnectedness between Southeast Asian cultures.

Part II.

Instructions:

After watching the role-play performance, read the performance descriptors and assign a numerical rating from [lowest performance level] to [highest performance level] that most accurately reflects the group's execution.

Sum all the weighted grades to determine the final numerical total. Refer to the scoring interpretation for the final percentage grade.

Criteria	Excellent (4)	Very Satisfactory (3)	Satisfactory (2)	Needs Improvement (1)	Weight	Weighted Grade
I. Historical-Geographical Connection (Integration of Concepts) Integration of concepts 1. Integrates the concepts of geography, history, trade, and culture throughout the role play. 2. Explains the relationship between geography and the ancient history of Southeast Asian countries. 3. Presents ideas in a logical and coherent manner.	All three (3) indicators are consistently demonstrated	One (1) indicator is not demonstrated	Two (2) indicators are demonstrated with some inconsistencies	Only one (1) or none of the indicators is demonstrated	35%	
II. Historical Accuracy 1. Demonstrates accurate historical knowledge relevant to the assigned role. 2. Uses historical facts and evidence appropriately throughout the role play. 3. Depicts trade and cultural exchange consistent with the historical context.	All three (3) indicators are consistently demonstrated	One (1) indicator is not demonstrated	Two (2) indicators are demonstrated with some inconsistencies	Only one (1) or none of the indicators is demonstrated	30%	
III. Execution 1. Portrays the assigned character naturally and convincingly. 2. Speaks clearly and confidently with appropriate voice projection. 3. Uses appropriate facial expressions, gestures, and body language. 4. Maintains smooth pacing and remains in character throughout the performance. 5. Uses props, costumes, or visual elements effectively (if applicable).	All five (5) indicators are consistently demonstrated	One (1) indicator for an excellent execution is missing.	Demonstrates 2–3 of the 5 indicators with some inconsistencies	Demonstrates 0–1 indicator; execution is incomplete or ineffective.	25%	
IV. Teamwork: 1. Group mates contributed meaningful ideas in the creation of the roleplay. 2. All members played a significant role in the role play itself 3. Everyone exhibits collaborative behavior in the planning, rehearsal, and presentation of the role-play 4.	All three (3) indicators are consistently demonstrated	One (1) indicator for an excellent execution is missing.	Two (2) indicators are demonstrated with some inconsistencies	Only one (1) or none of the indicators is demonstrated	10%	

SCORING INTERPRETATION			
3.1 - 4.0	91 - 100	Exceeds Expectations	Demonstrates a thorough understanding and appreciation of the relationship between geography and the ancient history of Southeast Asian countries through an accurate, insightful, and engaging role-play.
2.1 - 3.0	81 - 90	Meets Expectations	Demonstrates a clear understanding and appreciation of the relationship between geography and ancient history, with only minor inaccuracies or omissions.
1.1 - 2.0	71 - 80	Approaching Expectations	Demonstrates a basic understanding of the relationship between geography and ancient history but shows noticeable gaps or inconsistencies.
0.1 - 1.0	61 - 70	Below Expectations	Demonstrates limited understanding of the relationship between geography and ancient history; the role-play does not adequately meet the learning competency.

Note: Feel free to revise this template. Just make sure that all the given components are indicated.

CRITERIA & WEIGHT PERCENTAGE	EXCELLENT	VERY SATISFACTORY	SATISFACTORY	NEEDS IMPROVEMENT	Rating
	4	3	2	1	
1. Promptness in the submission of scoring rubrics (10%)	Submitted on or before the deadline	Submitted 1 day after the deadline	Submitted 2 days after the deadline	Submitted 3 or more days after the deadline	
2. Completeness (20%) a. Heading b. Other details (date submitted, group name, list of members. etc.) c. Subject d. Topic e. Performance Task f. Desired Learning Outcomes g. Criteria/Dimensions h. Performance Levels i. Performance Descriptors j. Weight k. Instructions for Evaluators l. Scoring Procedures/ Table for the Interpretation Results m. Others (<i>please specify</i>) _____	Satisfies ALL of the given criteria.	9-11 of the given criteria are satisfied	5-8 of the given criteria are satisfied	4 or below of the given criteria are satisfied	
3. Quality of the Output (60%) a. Objectives are appropriate and measurable b. Performance task matches with the objectives c. The given criteria or dimensions are appropriate to the subject, topic, and performance tasks. d. No. of criteria or dimension is reasonable enough to be observed to judged. e. Criteria or dimensions are arranged according to priority. f. No. of performance levels is reasonable. g. The gradations of performance descriptors are reasonable. h. All the performance descriptors for each performance level are correct and acceptable. i. Weight assigned for each criterion is appropriate. j. The rubric encompasses all possible traits of a work. k. Others (<i>please specify</i>) _____	Satisfies ALL of the given criteria.	7-9 of the given criteria are satisfied	4-6 of the given criteria are satisfied	3 or below of the given criteria are satisfied	
4. Others (10%) a. Computerized b. Neat c. Error-free (grammar and mechanics) d. Others (<i>please specify</i>) _____	Satisfies ALL of the given criteria.	2 of the given criteria are satisfied	1 of the given criteria is satisfied	None of the given criteria is satisfied
