

2E-EDUC 3 - PRINCIPLES & METHODS OF TEACHING

Term 1 AY 2026 -2027

Self/Peer Assessment for the Creative and Integrated Lesson Plan Development

Name of CTP Student: Rose Marianne Louis M. Gardoce

Group/Team Number: 2 – English Group

Date submitted: September 20, 2026

Direction:

1. This assessment rubric will be accomplished and uploaded individually.
2. Study the criteria and indicators contained in the rubric for assessing the lesson plans.
3. Analyse the lesson plan of your group as well as that of the other groups (total of 4 lesson plans).
4. Based on your honest and best judgement and experience, determine the score that you will give in reference to the indicator and level of performance.
5. Put the score inside the appropriate column.
6. Compute the partial score for every criteria/category.
7. Tabulate your partial score in the Summary table to determine the final score.
8. Submit the accomplished peer assessment individually in the ePNU LMS on or before September 19, 2026.

No	Criteria	Indicators and Performance Level	Scores		
1	Alignment of New Literacies and 21st Century skills /SDGs with School Curriculum		Group 1- Psychology	Group 2- English Names:	Group 3- TLE/Science

				Names: Raine Shane EJ Theresa Val	Kenn Lou Ivan Donna	Names: Aurick Aldie Christa Michael
		Outstanding (5 points)	Good to Very Satisfactory (From 2 points to 4 points)	Score	Score	Score
	<i>Selection of Subject/Topic for Integrating New Literacies/21st Century skills/SDGs</i>	The new literacy/21st century skills/SDGs are most appropriate or most suitable with the selected subject which allows opportunity for easy and high integration.	The new literacy/21st century skills/SDGs are slightly appropriate and slightly suitable with the selected subject which allows minimal opportunity for integration.	4	5	3
	<i>Linking learning competencies of the subject with the new literacies/21st century skills /SDGs</i>	The learning competencies of the subject are very aligned or directly related with the competencies of the new literacies/21st century skills which facilitates smooth integration.	The learning competencies of the subject are slightly aligned or indirectly related with the competencies of the new literacies/21st century skills.	4	5	4
	Partial Total Score			8/10	10/10	7/10
2	Coherence of Lesson Objectives, Instructional Design, Instructional Materials and Technology					

		Outstanding (5 points)	Good (from 2– 4 points)	Group 1- Psychology Names: Raine Shane EJ Theresa Val	Group 2- English Names: Kenn Lou Ivan Donna	Group 3- TLE/Science Names: Aurick Aldie Christa Michael
	<i>Formulating learning/lesson objectives</i>	Lesson objectives reflect high level learning and directly related to learning competency, content standards, and performance standards; provide enough engaging learning activities and clear methods of assessment.	Lesson objectives are directly related to learning competency, content standards, and performance standards; but provide less engaging learning activities and unclear methods of assessment.	5	5	5
	<i>Mapping coherent teaching and learning process</i>	All of the elements of the instructional design support the stated lesson objectives, engage students in meaningful learning, and show evidence of student inputs and outputs.	- Most of the elements of the design support the stated lesson objectives, engage students in meaningful learning, and show evidence of student inputs and outputs. - Unit/weekly lesson has unclear and undefined structure and flow.	5	5	4

		Unit/weekly lesson is highly coherent and has a clear structure and flow for the development of the new literacy/21st century skills				
	<i>Using Instructional Materials, and Resources (including Student Task Sheet/Worksheet)</i>	All materials and resources support the lesson objectives and key concepts; and engage learners in meaningful learning for the development of the new literacy/21st century skills.	Some materials and resources support the lesson objectives and key concepts; and engage learners in meaningful learning.	5	5	5
	<i>Integration of Technology</i>	Numerous, varied and appropriate technology are used to enhance and support teaching and learning in a large extent for the development of the new literacy/21st century skills.	Few technology are used to enhance and support teaching and learning in an extent and are inappropriate in some learning situations.	5	5	5
	Partial Total Score			20/ 20	20/20	20/20

3	Teaching-Learning Process					
		Outstanding (5 points)	Good (From 2 – 4 points)	Group 1- Psychology Names: Raine Shane EJ Theresa Val	Group 2- English Names: Kenn Lou Ivan Donna	Group 3- TLE/Science Names: Aurick Aldie Christa Michael
	<i>Knowledge of Content and Pedagogy</i>	Demo teachers display deep and extensive knowledge of content/topic and pedagogy of the subject which allows for appropriate integration with the new literacy and 21st century skills.	Demo teachers display little knowledge of content /topic and pedagogy of the subject thus resulted to unclear integration with the new literacy and 21st century skills.	5	5	5
	<i>Questioning and Discussion Skills</i>	Demo teachers formulate many of the high-level questions and assumes responsibility for the participation of all students in the discussion.	Demo teachers use of questioning and discussion techniques is uneven, with low level questions and limited student participation in discussion.	4	4	5

	<i>Learning Activities</i>	Students are intellectually engaged in challenging content, through well-designed learning tasks, and suitable scaffolding by the teachers, and fully aligned with the instructional outcomes.	The learning tasks and activities are partially aligned with the lesson objectives and only require minimal thinking by students with some resources and/or technology are poorly aligned.	4	5	5
	Partial Total Score			13/15	14/15	15/15
4	Language Proficiency					
		Outstanding (5 points)	Good (From 2 – 4 points)	Group 1- Psychology Names: Raine Shane EJ Theresa Val	Group 2- English Names: Kenn Lou Ivan Donna	Group 3- TLE/Science Names: Aurick Aldie Christa Michael
	<i>1. Use of language</i>	Teacher's use of language is correct and expressive, with well-chosen vocabulary that enriches the lesson.	Vocabulary is correct but limited or is not appropriate to students' ages or backgrounds.	5	5	5

	2. Conveyance of Information and Ideas	Demo teachers convey information and ideas with clarity.	Demo teachers convey information and ideas with limited clarity.	4	4	4
	Partial Total Score			9/10	9/10	9/10
5	Assessment of Learning Outcomes					
		Outstanding (5 points)	Good (From 2 – 4 points)	Group 1- Psychology Names: Raine Shane EJ Theresa Val	Group 2- English Names: Kenn Lou Ivan Donna	Group 3- TLE/Science Names: Aurick Aldie Christa Michael
	<i>Congruence with Lesson Objectives</i>	The assessment is completely congruent with the lesson objectives and key concepts, both in content and process.	Some lesson objectives and key concepts are assessed through the planned method, but many are not assessed and some lack congruence.	5	5	5
	<i>Assessing Student Learning (including use of Rubrics)</i>	Demo teacher's plan for student assessment is fully aligned with the learning competencies/lesson objectives, with clear criteria/ rubric and standards	Demo teacher's plan for student assessment is partially aligned with learning competencies/lesson objectives without clear criteria or inappropriate for at least some students.	5	5	5

		that show evidence of student attainment and or learning.				
	Partial Total Score			10/10	10/10	10/10
6	Reinforcement of Learning					
		Outstanding (5 points)	Good (From 2 – 4 points)	Group 1- Psychology Names: Raine Shane EJ Theresa Val	Group 2- English Names: Kenn Lou Ivan Donna	Group 3- TLE/Science Names: Aurick Aldie Christa Michael
	<i>Providing Opportunities to Strengthen Knowledge, Process, Understanding and Product (including project/product/performance)</i>	Demo teachers provide clear direction and connection of the lesson to create/produce/ develop a project/product or performance appropriate and/or aligned to new literacies/21st century skills across the curriculum.	There is unclear direction and connection of the lesson to create/produce develop a project/product or performance and seemingly inappropriate or misaligned to the new literacies /21st century skills across the curriculum.	5	4	4

		Demo teachers integrated and carried out the plan for reinforcing learning through well-defined agreement and established connection to next lesson.	Demo teachers integrated agreement in the plan without traces of reinforcing learning and failed to make connections to the next lesson.	5	5		5
	Partial Total Score			10/10	9/10	/10	9/10

SUMMARY OF SCORES/RATINGS

criteria			
	Group 1- Psychology Names: Raine Shane EJ Theresa Val	Group 2- English Names: Kenn Lou Ivan Donna	Group 3- TLE/Science Names: Aurick Aldie Christa Michael
1. Alignment of New Literacies and 21 st Century skills/SDGs with School Curriculum	8/10	10/10	7/10

2. Coherence of Lesson Objectives, Instructional Design, Instructional Materials and Technology	20/ 20	20/20	20/20
3. Teaching-Learning Process	14/15	13/15	15/15
4. Language Proficiency	9/10	9/10	9/10
5. Assessment of Learning Outcomes	10/10	10/10	10/10
6. Reinforcement of Learning	10/10	9/10	9/10
Grand Total	71/75	71/75	70/75
